

3Dot Technologies Signs Distribution Agreement with Melnik Mounts

3Dot Technologies Inc., a video wall solutions specialty distributor, signs distribution agreement with Melnik Mounts to lead sales in North America.

BURLINGTON, ONTARIO, CANADA, MAY 31, 2021

3Dot Technologies, video wall solutions experts, is pleased to announce it has signed an agreement with Melnik Mounts, a high precision, visual structures, engineering, and fabrication solution provider with manufacturing in Ontario, Canada.

3Dot Technologies creates end-to-end display wall solutions utilizing DLP™, LCD and LED display technologies, image processing and content distribution technologies, as well as mounting structure solutions, personalized to the needs of our clients. 3Dot Technologies works together with end users, consultants, integrators, and manufacturing business partners to create the best system solutions that meet the customers' specific application needs.

“As LCD and LED Video wall display solutions demand continues to rise, the need for reliable, well engineered, and safe mounting solutions is greater than ever”, says Dave Muscat, Partner, 3Dot Technologies. “The market finally has an option for a high quality, North American built product at prices that are reasonable.”

“After meeting the team at Melnik and reviewing their high precision workmanship and ease of on-site assembly, 3Dot Technologies knew Melnik Mounts would be the perfect partner”, says John Hallman, Partner, 3Dot Technologies. “We are excited to be part of the Melnik team to contribute to their continued growth in North America and support their 28 years of experience in engineering metal solutions for visual structures, brackets, displays, and LCD / Direct View LED visual structures.”

“We are extremely excited to partner with 3Dot Technologies. They share our passion for putting the client at the center of everything we do” says Howie Thompson, COO at Melnik Mounts.

About 3Dot Technologies

3Dot Technologies' team of experienced AV market leaders are experts in design, sales, and services in the field of video wall solutions technology. 3Dot Technologies offers system design, technology acquisition and implementation including services and after sales support to the Consultant and integrator partner community to ensure utmost satisfaction from our end user customers.
